

# Gisella "Gigi" Oliva

REAL ESTATE ENTREPRENEUR, WELLNESS LIFESTYLE EXPERT, SPEAKER, AUTHOR

Gigi helps audiences create health & wealth through real estate and wellness consulting so they can improve their "Quality of Life" by living the life of their dreams!

Gigi has made the art of balance her life's work. A former "stressed-out perfectionist," over the past 20 years, she has been active as a speaker, consultant and community leader advocating health issues. She developed chronic stress syndrome and almost died. She overcame major life obstacles such as loss of health, marriage, job, income and home after hitting rock bottom. Today, she touches, teaches and transforms hearts to prevent others from experiencing pain. Gigi developed a "Whole-heart Living" program with 7 Dimensions of Wellness that helps audiences achieve life balance and gain control of their life.

## About

Meet Mama Gigi! Gigi is a Wellness lifestyle expert, Real estate consultant, Author, Speaker and M.O.M aka Mama On a Mission! Her first calling and experience as a Wellness Specialist and Health Educator has inspired thousands of families to make positive lifestyle changes through her motivational speeches. Her children's books, "Pump the Bear" and bi-lingual "Pump's Magical Adventures" are used as a resource by schools, hospitals and health organizations. As a public advocate and mother of a heart survivor, she co-founded The W.W.W. Health Foundation in honor of son. It's mission is to build happy, healthy homes and communities to prevent disease through awareness, education and grassroots efforts. Grateful for a second calling in real estate, she feels blessed to share her expertise in helping clients with their home and life transitions while giving back to the community through her foundation.
